

Campfire Trail Mix

This is the perfect trail mix to create with children to get all the flavors of a campfire and the taste of s'mores without having to build a fire and roast a marshmallow. There is also no baking involved so children will love helping you mix everything together into one bowl.

Ingredients

- 1 – 12 oz box of Golden Grahams Cereal (Can also use Cinnamon Teddy Grahams)
- 1 – 12 oz bag of Semisweet Chocolate Chips
- 1 – 10.5 oz bag of Marshmallows (Add in as many as you want)
- 1 – 12 oz can of Salted Peanuts (if there is a nut allergy, substitute with pretzels for the salty flavor)

Instructions

1. In a large bowl, combine all the ingredients one at a time and mix well. Use a spoon or spatula to help with the mixing
2. Store in an airtight container or separate out into plastic ziploc bags

It is really just that simple with one main step to mix everything together, and you have a campfire trail mix to help satisfy your s'more needs while you are camping or pretending to camp. This is also a great snack or treat when you need to bring something in for the whole class as it is very simple and easy to make.

ENJOY!
